

College of Agricultural, Consumer and Environmental Sciences

Water Management and Western Water Network Workshop

National Institute of Food and Agriculture
U.S. DEPARTMENT OF AGRICULTURE

October 9, 2026, 8:00 AM - 12:00 PM

Fabian Garcia Science Center

113 West University Avenue, Las Cruces, NM 88005

This free workshop will focus on practical water management and conservation strategies for row crops, orchards, and horticultural crops, as well as crop diversification for semi-arid cropping systems. Participants will learn about the **Western Water Network (WWN)** and its efforts to connect Extension professionals, researchers, producers, and communities to address water management challenges across the western United States.
